

MAILCRAFTERS

Introduces the **Quick Fold™** Feeder/Accumulator/Folder Available Exclusively on Mailcrafters Inserters

Quick Fold™

Designed to Gather Before the Fold With Full Reading Options.
A Good Fit in Medium Duty Plus Applications.
Automatic Features Help Make Set Up Easy
and Production a Snap.
Dynamic Variable Page Accumulation
Or Fixed Gathers
Station Selection included

Designed and manufactured with economy in mind, this completely intelligent Feeder / Folder reads 3 of 9 or 2D bar codes. The coded instruction controls the accumulation of variable sets or fixed gathers of sheets that go together. It then folds the set and delivers it to the inserter-collating track. The code also provides control for station selection to complete the finished piece.

MAILCRAFTERS

The Quick Fold™ is designed for low to medium duty applications. Testing to date has surpassed all production expectations. Document feeding speeds up to 20,000 pages per hour are achieved.

Designed and manufactured in the USA by a company known in the Industry for Quality products, Inscerco Mfg., Inc. is proud to continue the tradition of providing rugged and durable high-performance products at a reasonable cost.

Automatic set-up features help the operator achieve high production performance. Fast set-up of the Quick Fold™ is accomplished utilizing a self-rotating retard roller requiring minimal adjustment while providing long life to the roller. Fold roller pressure is set automatically based on the number of pages gathered. Set-up time is further reduced using the Quick Fold™ touch screen to set and adjust the fold plates. The operator simply selects the fold type and the document size. The fold plates automatically move to the correct setting. Fine fold plate adjustments are made by the operator via the touch screen or easy to use manual knob.

Features:

Touch screen control operator interface
Auto setting on fold rollers
Communications for selective inserting

Single Motor Drive
Motorized fold plate setup

Specifications:

Through Put Speed - 20,000 Pages/Hr
Paper Weights - 20lbs to 24lbs
Hopper capacity - 875 (using 20lbs paper)
Folder type - 2 Plate, auto adjusting
Folder Rollers - auto setting
Fold Types - Letter, "Z", Gate, and Half
Sheet gather - 1 to 5 Sheets
(Top and Bottom gathering)

Minimum Fold - 1 1/2"
Maximum Fold - 10 1/4"
Minimum Size Paper - Wide - 7" Long - 5"
Maximum Size Paper - Wide - 9 1/2"
Long - 14"
Size - 19" Wide X 66" Long X 52" High

Reader Types:

3 of 9 (Standard) 2D (Optional) OMR (Optional)
